The following remarks are submitted in response to the Official Action dated September 25, 2001.

REMARKS

Applicants appreciate the Examiner's thorough review of the present application, and respectfully request reconsideration in light of the following remarks.

The objection to the specification is noted. Applicants acknowledge the defect and respectfully request that the correction be held in abeyance pending allowance of the claims

The claims have not been amended notwithstanding the rejections manifested in paragraphs 5-10 of the Office Action.

More particularly, the indefiniteness rejection of claim 28 is traversed since claim 28 is not vague and indefinite as alleged by the Examiner.
